

Grant & PRI Promotion Guidelines

We support organizations that wish to promote their OBT grants and program-related investments to leverage further community support. Our guidelines are as follows.

NEWS RELEASES

Following each grant round, OBT issues a news release that lists all grants and program-related investments awarded for that round. We also post these releases in our [Newsroom](#).

OBT typically does not initiate news releases about individual awards. Grant and PRI recipients should write their own news releases.

If you wish your news release to include a quote or comment from someone at OBT, please contact Ann Pagel, our operations and communications associate, at apagel@ottobremer.org.

In general, OBT does not need to review or approve your news release unless you request a quote or comment from someone at OBT.

When working with media organizations that wish to speak with someone at OBT about a grant or OBT itself, please direct them to Ann Pagel, at apagel@ottobremer.org.
